TOWN & COUNTRY HANDMADE PAVERS

Discover our new handmade Town & Country Pavers, inspired by the timeless beauty of old-world terracotta and meticulously handcrafted by artisans in the USA. Each collection offers a unique take on rustic elegance, from our American Selection, which brings a warm, authentic rustic charm, to the Greece Selection, with its white-washed tones evoking a serene, farmhouse-inspired aesthetic.

We're excited to introduce four new selections to further enrich your space: the sun-kissed Provence, the classic and weathered beauty of Normandie, the earthy and enduring appeal of Roman, and the rich, sun-drenched hues of Tuscan. Each of these collections embodies the artistry of the Mediterranean and European countryside, offering a range of natural textures and colors to suit a variety of design styles.

Crafted from upcycled, salvaged brick and concrete, each paver is one-of-a-kind, showcasing variations in shape, hue, and character. Over time, these pavers develop a natural patina, deepening in both beauty and individuality. Available in 2x8, 4x8, and 6" Hexagon sizes, along with corner pieces, every piece reflects the distinctive handmade qualities of irregular, nominal size, and thickness, making each installation a true work of art.

Our guidelines can be found in the Town & Country tab of our website- www.ceramicaetc.com

ALL MATERIALS ARE ARTISAN, HANDMADE, SALVAGED, AND RECLAIMED, THEREFORE PRESENTING DIFFERENT CHARACTERISTICS THAN INDUSTRIALLY PRODUCED PAVERS AND BRICKS. ALL SIZES AND SHAPES ARE APPROXIMATE AND NOMINAL. NO TWO PIECES ARE ALIKE IN MEASURE, SIZE, OR APPEARANCE. PLEASE WORK WITH GROUT JOINTS AT LEAST 1/4" WIDE, as presented in our display boards and images.

Our showroom display boards, loose samples, and images are only indicative of the color range and for representation purposes only. Due to the nature of the recycled and artisan production, selections vary within the same box, bundle, pallet, current lot, and shipment to shipment. Blending of pavers/bricks from different boxes/bundles is highly recommended. Please ask for images of current lot and actual samples
THE PRODUCT IS SOLD AS IS.

PRODUCT INSTALLATION INSTRUCTIONS AND RECOMMENDATIONS:
Complete guidelines can be found in the Town & Country tab of our website- www.ceramicaetc.com
Please SEAL THE PRODUCT WITH A PENETRATING WATER BASED SEALER BEFORE AND AFTER GROUTING (especially for the pavers) AND FOLLOW INSTALLATION INSTRUCTIONS. Please WORK WITH A 20% WASTE FACTOR.
APPLICATION:
Our thin pavers and bricks can be installed indoor and outdoor. However we do not recommend horizontal outdoor paving or installations in areas that can be subject to freezing temperatures.
We also recommend a UV Penetrating sealer for all outdoor installations.
