THE URBANA CERAMIC COLLECTION IS MANUFACTURED WITH ORIGINAL CRAFTSMANSHIP METHODS OF BLENDING EARTH AND GLAZE BY "DOUBLE-FIRING" AT MORE THAN 1000C (1832 F). THE MANUAL GLAZING AND HANDLING OF THE PRODUCTION CREATES "IMPERFECTIONS" AND EVERY PIECE DIFFERENT AND UNIQUE.

Matte finishes can be used for wall tiles, shower walls, and light residential traffic areas such as bathroom floors. Glossy, cracked, and metallic for walls and shower walls application only. Quarter rounds are available in all colors.
